

1. We are updating all our businesses
2. We are currently working with our partner Site Energy Services to see what other possibilities we can work on together outside of the scope of the natural resource projects
3. We have had meetings with Transmountain and a couple of the general contractors.

## Update on our bids to date:

1. We have two (2) active proposals out.

The latest one we worked on with partners and have identified four (4) Metis business that could qualify to work on this with the joint venture partner.

We are awaiting a NEB decision to see if project moves forward.

**We are looking for the following businesses for possible new bids:**

**Pipeline** – equipment supply for clearing, grubbing, burning, freeze down snow-cats, equipment operators, labor's, flaggers, medics, water trucks, slashing, mulching, clearing, grubbing, chainsaw operators, log hauling, processors, skidders, mat supply companies, culverts, office trailers, wash cars, porta potties, camp suppliers.

**Civil** – equipment supply, gravel supply, water trucks, flaggers, medics, road signage, labor's, equipment operators, slashing, mulching, clearing and grubbing, chainsaw operators, log hauling, processors, skidders, misc material supply companies, culverts, camps, pumps, generators, office trailers, wash cars, porta potties, security.

**Mechanical** – ticked tradesmen/women, equipment supply, picker trucks/operators, skid steers, zoom booms, material supply companies, insulation companies, office trailers, wash cars, camp suppliers, scaffolding suppliers (tube and clamp), security.

**Timber salvage and clearing** – chainsaw operators, feller bunchers, skidders, processors, mulchers, dozers and excavators for burn sloops, small dozers and snow cats for access prep, labor's, log hauling, medics, office trailers, wash cars, porta potties, mat supply companies, misc material supply companies (bridge rental) for example, water trucks, security.

**Piling and foundations** – labor's, carpenters, cement finishers, equipment operators ie: skid steer – loader – zoom boom, mat supply companies, office trailers, wash cars, porta potties, security, medics.

- We are always in touch with the proponents and updating them on our new partnerships, Metis businesses, and our capabilities

Note- in our RFP we have been including our Metis business where there is a fit and looking for or reaching out to find Metis business that fit the need.

Next steps:

Send letters, including using social media to Metis to see if they would like to be included in any projects and what type of projects.

Looking or businesses and individuals, needing their scope of work, their certifications, their skill sets and previous work.
