Proposed Wyndwood Pipeline Expansion Project

Spectra Energy (Enbridge) has proposed to expand the Wyndwood Pipeline System (a loop of the Fort St. John Main Line) by adding add a new segment of 36-inch pipeline to a pre-existing right-of-way. The expansion will span 27 kilometres and is located southwest of Chetwynd, BC.

The BC Métis Federation is an intervenor in this process, on behalf of members. If you would like to add your voice to the process, please fill out a brief survey by clicking [here](#).

If you wish to review project information, please click [here](#) to be directed to the website.

If you wish submit an information request, or provide additional feedback, please email me at bcmf@ksdandassociates.com.

The Consultation Office will be preparing a written submission for filing April 25, 2017.

The deadline for information requests is May 9, 2017.

Warm regards,

Kelly S. Davison
