Good morning Superintendent Rhonda Nixon,

I want to acknowledge your efforts to apologize and correct this recent error. I was left off the original email response you sent today but I do thank you for the action.

With respect to the reference to local Metis representation I hope you appreciate that there is more than one Metis representative organization in BC and while Two Rivers is one local Metis organization, they do not reflect the needs of our students.

Our issue was raised because BC Metis Federation card carrying Metis families were upset and asked our leadership to address. They have absolutely no connection to Two Rivers and I ask for your appreciation of the diversity within your student body of the various dynamics. I encourage the education to respect the diversity of Metis voices and reach further to be inclusive.

Therefore I hope you consider our offer as stated in the letter, "I would also like to extend an invitation for us to have a meeting with some of our project team members to determine how we can best support you, and your staff to ensure that Métis students and families are recognized and cared for appropriately."

Thank you again for the email and I hope when you draft a letter you are aware of these dynamics and offer.

Keith Henry  
President, BC Métis Federation
